## WHERE ARE THE WATCHMEN? HAVE YOU HEARD THE TRUMPET?

*Glenn B. Ramsey*

In the book of Ezekiel (2:3-5; 3:1-21 and 33:7-9) the prophet is given the charge of being the watchman-prophet to apostate Israel. In simple form, the message he was to preach was the message of repentance to sinful Israel. Though many did not think the situation merited such a reproof, God did! And the prophet (preacher) of God was obligated to the charge to make such known.

In a real sense there must be watchmen over spiritual Israel today. These must be men who heed the word of Jehovah (from His inspired Word) and sound the warning to an apostate church! But are we assuming that the church of Christ is apostate today — that each congregation is, or that each member is apostate? Certainly not! As a matter of fact, many of Israel in Ezekiel's day were not apostate — but many were; and the charge was given to bring back to God those who would

listen and to allow those who so chose to judge themselves unworthy of God's blessings. So it is today in Spiritual Israel. While there are many who are faithful to God's charge and serve Him with their entire being, it is a sad fact that many are indifferent toward the whole of Christianity, ignorant for the most part of God's Word, unwilling to submit to the authority of the Bible and in general, so materialistic that they can only think in terms of the pleasantries of this life. Everything many do in the name of religion must be viewed against the pragmatic background of how this will enhance their position with the material world! Thus in the view of these materialists, if the truth does not enhance one's position or the position of the church with the worldly community, that truth must be rejected!

Where are the watchmen? Who is sounding the warning trumpet? Ezekiel was told that a failure to sound the

warning would result in the blood of all guilty ones being upon the hands of the watchman. Where are the preachers that are willing to be so "opinionated", "narrow", and "dogmatic" that they will stand and "preach the word" with the reproof, rebuking, and exhortation that will make the difference today? (See 2 Timothy 4:1-4).

Many are the preachers and the elders of the Lord's church today who, when asked what they are doing related to many important matters of faith and doctrine which are being compromised or directly violated in many areas, will respond that they "do not know about such things" and they "do not care" about them since, as they perceive it, such does not affect them and their congregation. This indifference causes the watchmen to not watch, and the trumpeters not to sound the alarm!

There is now a generation that does not know the Word of God. Many have made arguments "for the use of instrumental music in worship" which by their admission resulted from not knowing too much about the Bible. Some defend fraternal orders as being proper for Christian participation and thus demonstrate the drought of knowledge they have of God's Word. Some seem to think that they can fellowship anyone who says he believes in Christ and work with that person even though he does not bring (teach, or practice) the doctrine of Christ. These demonstrate their shortage of Bible knowledge (See II John 9-11). Many are teachers who need again to be taught! Ignorance of the Word should cause a trumpet sound!

Beside all this, there are multitudes

in the church who not only do not know the Word, but they do not even respect the Word (portions of it) they do "know." When social drinking, dancing, immodesty in dress, indecency of speech, etc., is a common thing among "professing Christians" and there is not a voice (trumpet) raised against such — there is a real problem. There are congregations where the preacher knows (whether by direct order of the elders or by less direct requirements) that he is not to preach on such things. And these "preachers" who desire to hold their jobs more than trying to please God and be His Watchmen, yield to men rather than to the Lord!

The consequences of materialism are seen in each of the above situations — and more! The important thing to many is having a fine building in which to meet; maintaining a proper "image" in the community; and having a preacher that will not excite any "animosity" against the church by preaching so plainly that members of denominations will think that he thinks that they are wrong!

As unpleasant as it may seem to some, the charge to preach the word must be obeyed or the watchman will forfeit his right to God's blessing and will receive the punishment of hell instead! How can the soldiers of Christ attack with any success the enemies of the church on the outside if they are unwilling to attack and clean out the cup from within?

Where are the watchmen? Have you heard the trumpet? ★

## How long were the six days of Genesis one?

It is odd that anyone would ask such a question! Where would such an idea come from? Not the Bible!!! How long were the first six days of 1990? When you discover that period of time, you will also have determined how long the six days of creation were in Genesis one. Days are divided into 24 equal segments called hours, not only now, but at the beginning as well.

However, those who wish to cause disbelief in the Bible would have us believe the *six days of creation* were long eons of time made up of millions and millions of years! Incredible! A DAY has never been anything other than a DAY. This attempt is made in an effort to harmonize the THEORY of evolution with the TRUTH (the Bible is truth, John 17:17). It cannot be done.

The day-age theory (the belief that one day in Genesis 1 was millions and millions of years long) is shot-full of problems and cannot possibly be considered by any logical thinking person. Here are several reasons why the days in Genesis one were 24 hour days just as we measure them now:

1. There is no reason whatsoever from the context to under-

stand them otherwise. Search the Bible from beginning to end and there is absolutely no evidence to view them in any other way than 24 hours each.

2. God said he created ALL things in six days and rested on the seventh. "For in six days the Lord made heaven and earth, the sea, and all that in them is, and rested on the seventh day" (Exodus 20:11). This is used as our standard of measuring time today. Our week is based on those seven days at the beginning. Did God lie to us about what he did? NO!!

3. The Hebrew word YOM (day), is defined for us in the context. "And God called the light Day and the darkness he called Night. And the evening and the morning were the first day" (vs. 5,8,13,19,23,31). The day was divided into both an evening and a morning, just as today! No long periods of time there!

4. When the word YOM is used with a number (such as 1st day, 2nd day), it always means a 24 hour day. The word occurs over 100 times in this manner and *always* indicates a period of 24 hours in length. There's no exception here!

5. When the word YOM is used in the plural (days) it always means 24 hour days. Exodus 20:11 says "For in six days the Lord made heaven and earth, the sea, and all that in them is." There's no other use of the plural YOM except in this manner.

6. If God wanted us to understand he made everything over billions of years, he could have used words which indicate it. The Hebrew words "Olam" and "Dor" both indicate

an indefinite period of time. He could have used either of these words, but did not. He used the word which describes the length of time he took, a DAY. If God did, in fact, take billions of years to make the earth but tells us he only took six days, that would make God a LIAR! God does not lie (Titus 1:2).

7. God made "lights" to divide the day from the night (v.14). These lights, sun and moon (v.16), were for "signs, and for seasons, and for days, and years." The sun was made to measure a "day." If a day were millions of years, what then was a year, a night? No one can answer it!

8. If a day were millions of years, we have a problem with "plant life." Plants were created the 3rd day (vs.11-12) and the sun the 4th day (v.14). Plants need sunlight to survive. Also, some plants must have insects for cross pollination, yet the insects were not created until the sixth day (v.24). How could the plants have survived millions of years without sunlight and/or insects to reproduce them-

selves? This is a grave problem for the evolutionist!

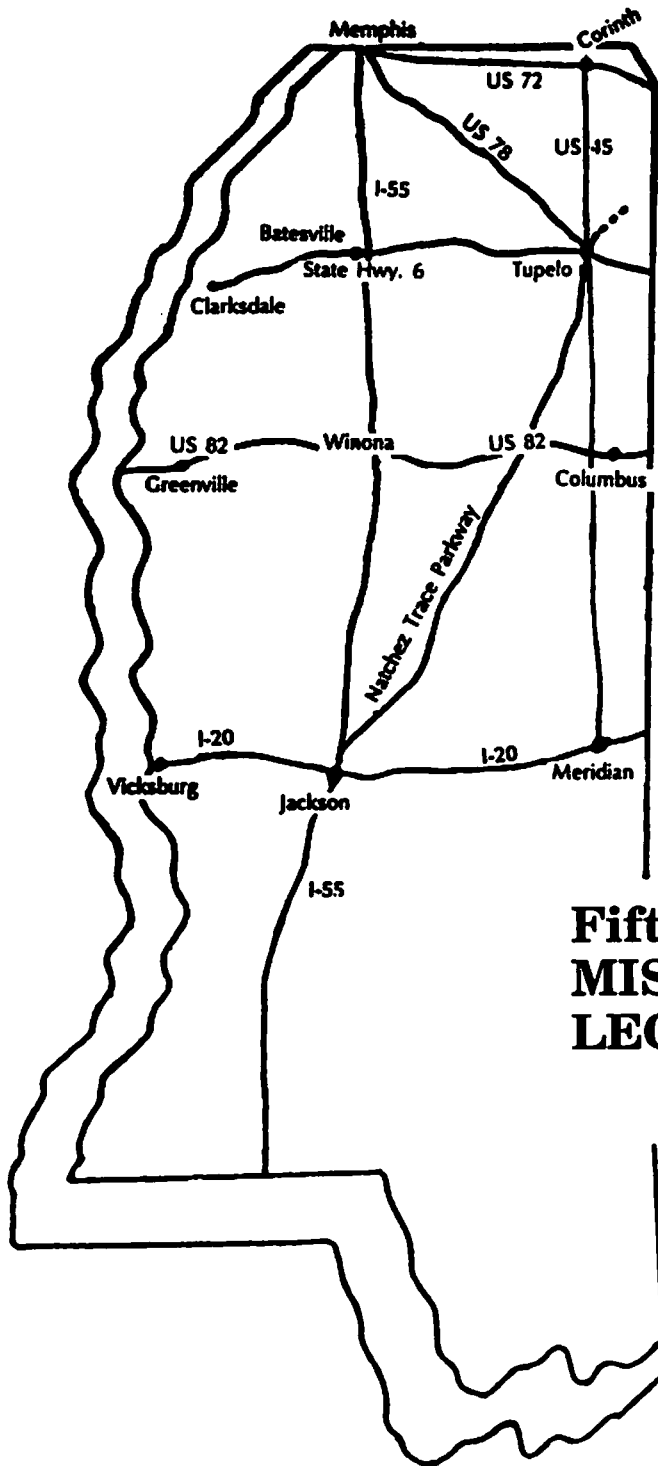

9. The age of Adam makes "geologic ages" impossible. If one day represents millions of years as this theory says, think about this: Adam was created on the 6th day (1:27), lived the rest of that day, all of the 7th day and at least a part of the 8th day (Chapter 3). Will evolution believe Adam was millions of years old?

10. God used the 7th day of rest as an example for Israel to keep. Because God worked 6 days and rested the 7th, Israel was to work 6 days and rest the 7th (Exodus 20:9-11). Was Israel to work millions of years multiplied by 6 times over and then rest millions of years as God did? They would have had to if evolution be true!

Why would anyone believe in and try to defend such a preposterous belief? They care nothing for the evidence and instead, choose to walk in their own foolish ways. "*Professing themselves to be wise, they became fools*" (Romans 1:22). What do you believe?

**“Young people must realize that beer is not a temperate beverage, but an intoxicating liquor that often leads to trouble and lawlessness; that it leads many to create the habit of drinking, a habit that progresses in many cases to stronger liquors; and that beer taverns are often instruments of moral corruption and debauchery.”**

## Questions Seventh Day Adventists Will Not Answer

- ◆ Which Catholic pope changed the day of worship from Saturday to Sunday?
- ◆ Name the secular or church document that changed the sabbath from Saturday to Sunday.
- ◆ Can one Scripture be produced that commanded anyone from Adam to Moses to keep the sabbath?
- ◆ Is there a Scripture that commands the Gentiles to keep the sabbath in any dispensation?
- ◆ Is there a Scripture in the Bible that mentions a moral or ceremonial law?
- ◆ If the keeping of the seventh day is imperative, why did Christ not command it? And why did the apostles neither command it, nor condemn its non-observance?
- ◆ Seventh Day Adventists stress the failure to keep the sabbath as the great sin, the mark of the beast. Then why is it that the lists of sins recorded in the New Testament never mention the sin of not keeping the sabbath? For example, in Mark 7:21-22 thirteen sins are listed; in Romans 1:29-31 nineteen sins are listed; in Galatians 5:19-21 eighteen sins are listed. In all the great warnings concerning sins, why was not failure to keep the sabbath day given prominence? It was not mentioned. Why?
- ◆ Where in the Bible is the term "The law" ever applied to the Decalogue apart from the rest of the law of Moses?
- ◆ Is the law of Moses and the law of the Lord two different laws? Or anything other than the ten commandments?
- ◆ How could the sabbath be a sign between God and Israel (Exodus 31:17) if other nations are included? ★

This issue includes the schedule of the 1990 Annual Mississippi Lectures. This year, the date has been changed to the week of the last Sunday in July. The theme is "NEW TESTAMENT QUESTIONS." If there are those in the state you wish to receive **Seek The Old Paths**, please furnish us their complete address and we will include them on the mailing. Remember Jer. 6:16 & II Peter 1:10.

**Seek The Old Paths** is a publication of the East Corinth church of Christ and is under the oversight of its elders. Its primary purpose and goal in publication can be found in Jude 3; II Tim. 4:2; Titus 1:13; 2:1; II Peter 1:12. Manuscripts are welcome.
